to me ▾

To whom so ever it may concern,

This is to certify that Dhruv Rai has been working at [echospace.in](https://echospace.in) since 28 may 2021 in the role of a full stack web developer.

During this course, he has shown that he is conversant with back end development, creating frontend components and working with databases.

The technologies he has worked with include node.js, express, mongodb, ejs, React, Bootstrap and jQuery.

Best Regards,

Vedant Pawar
